A copy of the document “Recommended Trees for the Mid-Columbia Region” was distributed to everyone present. We took a few minutes to look it over. It was discussed that the care of fruit trees falls under the rules of the state department of agriculture.

There was some discussion concerning an Arbor Day celebration, which is necessary to fulfill the requirements of the grant application to the Arbor Day Foundation. No action was taken.

Linda Bailie motioned to adjourn the meeting at 4:05. Becky Daggett seconded the motion.

Respectfully submitted,
