 509-545-4042 720 W. Court St, Pasco
 509-786-3379 424 6th St Suite #2,

CAC provides water assistance through the Low Income **Household Water** Assistance Program for eligible households dealing with financial challenges such as past due or disconnection arrearages for residential water and waste water costs for households below 150% of the FPL in the Benton and Franklin Counties of Washington.

CAC provides assistance through the Low Income **Home Energy** Assistance Program for eligible households with income below 150% of the FPL who are dealing with financial challenges of increasing energy bills with electricity, natural gas, propane, heating oil, wood and/or heat included in rent. LIHEAP may also be able to help repair and unsafe dysfunctional heating system. Households may also qualify to have their homes made more energy efficient through the Weatherization Program within the Benton and Franklin Counties of Washington.

CAC's mission is to advocate for and offer individuals and families the tools that empower and support them in building a stable future in coordination with partner agencies.

Helping Hands Programs

*CAC provides assistance with past-due or disconnection notices with funding provided through local utility companies.

Kennewick Irrigation District

*CAC determines eligibility for paying annual irrigation assessments for eligible low-income households experiencing financial hardships.

Senior and Disabled Discounts

*CAC provides eligibility for Senior and Disabled Discounts for local utility companies.

Washington Energy Assistance Fund

*CAC provides assistance to CNG customers to stay connected by reducing arrearages.

Winter Help

*CAC provides assistance to low-income CNG households at risk of disconnection.

Prescription Assistance

*CAC provides prescription assistance for individuals who do not have medical insurance that cover prescriptions.
