CITY ADMINISTRATOR'S REPORT

The following City Administrator's Report, while respectfully submitted to the Mayor and City Council, is provided and available to the general public to inform them of the status of City projects and activities. This report, as well as the monthly department reports, is placed on the City's website.

While City Hall and other city facilities continue to be closed to the public, staff is still at work. At times staff does work from home so I ask for your patience if you are not able to get through to them right away.
